REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the claimed invention with the feature including a commercial server coupleable to a promotion server transferring promotion terms and/or statistical data such that a commercial server user evaluates or promotes promotions related to products or services of at least one manufacturer or retailer is considered to represent a non-obvious improvement over inventor's prior art Laor (US 6,041,309) in view of Scroggie (WO 97/23838). Each of those references is considered to be the closest prior art patent references in the United States and in the foreign arena respectively. The most relevant non-patent literature is reference U, cited in this Office action by the examiner. This considered patentably distinct feature is found in each of the independent claims 1, 12, and 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communication from the examiner should be directed to Steve Gravini whose voice telephone number is (703) 308-7570 and electronic transmission / e-mail address is "steve.gravini@uspto.gov".
